COPYRIGHT STATEMENT

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted materials including foreign works under certain conditions. In addition, the United States extends protection to foreign works by means of various international conventions, bilateral agreements, and proclamations.

Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

The Columbia University Libraries reserve the right to refuse to accept a copying order if, in its judgement, fulfillment of the order would involve violation of the copyright law.

PREFACE

THIS volume contains a compilation of statements obtained from firemen employed on certain railroads in the United States, showing expenses incurred by them for meals and room while away from their home terminal.

In order to obtain this information certain forms were sent out during the month of August, 1919, by the Acting President, Brotherhood of Locomotive Firemen and Enginemen, each fireman being requested to complete one of the forms and return same on or before September 1, 1919. However, owing to the limited amount of time in which to assemble and compile this data, men employed on many of the railroads were unable to make returns in time to be included in this compilation, while in other instances, only a portion of the men employed on certain railroads had sufficient time in which to respond.

The first page of the volume shows in detail, the style of form used to obtain information from firemen concerning "expenses away from home". The remaining pages of the volume have been condensed so as to show only the name of railroad, name of party making statement, service in which employed, expense for meals and room and the total expense for the month.

The original forms from which this volume has been compiled are on file and accessible for reference.

This information was collected during the month of August, 1919, and represents the average monthly "expenses away from home" incurred by firemen for meals and room. From this statement it will be noted that a large portion of the monthly earnings of locomotive firemen must be used in defraying expenses incurred away from their home terminal.

Have been on freight between Globe and Bowie at intervals during the three months, which accounts for my low expenditure on the road.

Local freight has Sunday lay-over away from home terminal. S. P. Hotel at Bowie is short order house. A 75c meal is short ration.

Chas. D. Fraser—Freight Fireman

Total.....				\$51.30

On local freight week-end is spent away from home on account of lay-over in Bowie, and on through freight a man is often kept in Bowie for as long as 50 to 65 hours, and nothing is allowed. This causes considerable expense, especially to a man with a family.

In this statement of meals and room I averaged up as we have 3 places to eat one is at Poplar Buff, Mo., and you can not get by there less than 75c and Piedmont Mo., meals are 50c. At Illmo, Mo., meals are 40c but you cannot get a regular meal half the time as we do not get in in time and have to eat short orders and that is about 75 or 80c a meal.
